

We are open for business

“Due to the increasing spread of the COVID-19, the Prime Minister announced that there will be a month-long nationwide lockdown from Thursday 5th November until 2nd December. **In his announcement, the Prime Minister explicitly said that “schools, colleges, universities and educational facilities will remain open”**”

Being an educational organisation, Bridge Training UK will remain open for all trainings and exams with appropriate measures in place to minimise the spread of the virus within our premises. We are focused on ensuring our staff and clients are safe at all times.

Please continue booking your trainings and exams on the available dates.

Should you have any questions, please call our offices at the usual opening hours for more information.”
